

Note for returning campers: Beginning in 2019 some campsites have been renumbered! We know our returning campers might have favorite campsites. Please refer to the updated Campground Map on our web site and the cross-reference table at the end of this document to find the new 2019 CampSite#.

Molas Lake Campground Individual Campsite Descriptions

Please refer to our website (<http://www.molaslake.com>) for additional general information, general amenities, and reservation rules and policies.

ADA-Accessible

This extra-large site (Site# ADA) is suitable for campers in an RV of up to 23 feet in length, tent campers, or pop-up campers. It includes a concrete surface with level, paved access to a clean vault-style toilet. Guests may be asked to show a disability parking permit. If this site is not available for your desired stay dates, please Email Us or call 970-946-6570, and we will do our best to accommodate your accessibility needs. Generators are not allowed in this site.

Lake-View Ultra RV

NOTE: Before 2019 these sites had different site numbers! Please see the Campground Map and cross-reference at the end of this document.

The LAKE-VIEW ULTRA RV campsites sit on a hill overlooking Molas Lake with spectacular views looking east into the San Juan Mountains and can accommodate motorhomes, trailers, and fifth-wheels of any size. The start of the lake loop and Colorado Trail hiking trails are located directly behind these sites. All 3 URV sites are freshly graveled with a short dirt road leading to the sites.

Each site is outfitted with gravel parking and either a tent pad or all-dirt surface, as well as a fire pit and picnic table. URV4 has a large ponderosa pine located on it, URV2 & URV3 do not have trees. URV sites are suitable for most RVs and have good morning sun. REASONABLY QUIET generators are allowed in these sites from 8am-8pm. There are only 3 of these sites (URV4, URV3, URV2), so they fill up fast.

RVs are parked on a bias/diagonal, NOT parallel as depicted. THERE IS NO DUMP STATION ON-SITE. The closest dump station is 5 miles in Silverton.

Lake-View SMALL RV (Under 20 Feet)

This site (Site# URV1) is a smaller version of our Lake View RV sites. This one site sits on an isolated bluff above Molas Lake and can accommodate a pop-up camper or small RV less than 20 feet. URV1 is also an excellent tent camping site, located on a hill above Molas Lake with great views looking east into the San Juan Mountains and a large ponderosa pine tree. The start of the lake loop and Colorado Trail hiking trails are located directly behind URV1. This site is freshly graveled with a short dirt road leading to it. It has gravel parking with a tent pad, as well as a fire pit and picnic table. A REASONABLY QUIET generator is allowed in this site from 8am-8pm. There is only one site of this type, so it fills up fast.

This area is also shared with the three other Lake View RV Sites that have no size limitation; this particular site is on the end. Before 2019, this site was called "SRV1".

Standard RV (Rock Cliff Area)

NOTE: Before 2019 these sites had different site numbers! Please see the Campground Map and cross-reference at the end of this document.

These extra-large sites sit within a unique geological formation; they are NOT "lake-side" or "lake view" sites. All of our standard RV sites can accommodate motorhomes, trailers, and fifth-wheels of any size, including the largest RV (minimum 30ft x 50ft) and associated camp setup.

Although not ideal, they are also suitable for car/truck/SUV tent camping too. Each site is outfitted with a gravel parking and tent pad or all-dirt surface, as well as a fire pit and picnic table. Sites# 50, 51 & 52 have lake views while Sites# 53-57 have great mountain views. All sites are back-in. REASONABLY QUIET generators are allowed in these sites from 8am-8pm. The campground map, showing the orientation of these sites is available at www.molaslake.com/reservations.html.

None of the campsites at Molas Lake have electric or water hookups although there are water taps located next to the office you can use to fill up your water containers. RVs can fill up to 30 gallons but no more. THERE IS NO DUMP STATION ON-SITE. The closest dump station is 5 miles in Silverton.

Walk-in Tent

These are ideal sites (Site# W1-W5) for tent campers who don't mind a 50- to 200-foot walk from their shared parking area. These sites are best for campers who pack light and don't mind being away from their car. Each campsite features a graveled camping pad and can support at least one tent, as well as a fire pit and picnic table. Generators are not allowed in these sites. The campground map, showing the orientation of these sites is available at www.molaslake.com/reservations.html.

Premium Water View Small RV or Tent Campsite

NOTE: Before 2019 these sites had different site numbers! Please see the Campground Map and cross-reference at the end of this document.

Premium Water View small RV or tent campsites feature outstanding views of Molas Lake and are our closest sites to the lake. There are 15 individual PREMIUM WATER VIEW SMALL RV/TENT campsites.

These sites all have a gravel parking and tent pad or all-dirt surface, as well as a fire pit and picnic table. These sites are suitable for tents, pop-up campers, and small RVs (motorhomes under 23ft or trailers under 17ft). Generators are not allowed in these sites.

The campground map, showing the orientation of these is available at www.molaslake.com/reservations.html.

- **Site# P30 (pre2019 was PW1)** - This lakefront site is located on the North end of Molas Lake. It is

graveled and suitable for RVs and up to 20ft and pop-up to 17ft. It is also a very nice site for one large wall tent or two smaller tents — ideal for fishing directly from camp. It has good morning sun and mountain views across the lake. Good site for kayaking or paddle boards too.

- **Site# P31 (pre2019 was PW2)** - Located on the North end of the lake this site and is a smaller site with no trees, yet is located directly on the water with great views. It is suitable for car/tent camping but not RVs. As with PW1, this site will accommodate one large wall tent or 2 smaller tents. Ideal for fishing, SUPing or kayaking directly from camp. It has good morning sun and mountain views.
- **Site# P32 (pre2019 was PW3)** - This waterfront site on the North end of the lake is suitable for RVs up to 23ft or pop-ups to 17ft. It also works well for car/tent camping. While there are no trees on this site it is gravelled and ideal for those wanting to fish right from their camp. It has good morning sun and mountain views. Good site for kayaking or paddle boards too.
- **Site# P33 (pre2019 was PW5)** - While not directly on the lake PW5 sits on a knoll directly above it with views of the lake to the south and mountains in all directions. It is suitable for RVs 23ft and pop-up's to 17ft. It also works well for car/tent camping although there are no flat areas to set tents up beside the gravelled parking area. It has good morning and evening sun. This site works great when combined with P34 (formerly PW4); the knoll overlooks the lake and would be all yours.
- **Site# P35 (pre2019 was PW14)** - This site overlooks the lake and has great views with space that can accommodate larger RVs up to 23ft, trailers up to 17ft, and can fit all tent sizes. Located on a small hill close to P34 and P33 (formerly PW4 and PW5). For a larger group, P33 and P34 are great options when combined with P35.
- **Site# P34 (pre2019 was PW4)** - While not directly on the lake PW4 is located on a knoll above the lake and is a bit more private with a few trees, views of the lake to the south and mountains in all directions. It is suitable for RVs to 23ft and pop-ups to 17ft. It also works well for car/tent camping. It has a gravelled parking area and space to set up tents on or off the gravel pad. This site works great for small groups when combined with P33 (formerly PW5); the knoll overlooks the lake and would be all yours.
- **Site# P36 (pre2019 was PW6)** - This site sits just off the waterfront and has a few trees. It has a gravelled parking area suitable for RVs 20ft and pop-up's to 17ft. P36 is also good for car/tent camping with room for one medium wall tent or two smaller tents on the gravel pad. It has good morning sun and mountain views. It shares lake access with site P37 (formerly PW7) and could be combined with it for small groups.
- **Site# P37 (pre2019 was PW7)** - This site sits on the water just below its small gravelled parking area. It has no trees but its large tent sites are on grass and have good sun all day long. Mountain views in all directions. Not ideal for RVs or pop-ups. Good site for fishing, kayaking or paddle boards. Shares lake access with P36 (formerly PW6) and could be combined with P36 for small groups.
- **Site# P38 (pre2019 was PW8)** - This small site sits between two large trees and is right on the water with mountain views across the lake to the south. Suitable for one medium size wall tent. While not ideal, you can fit an RV/ pop-up or teardrop camper up to 14ft in the dirt parking area. Great for truck campers. Good site for fishing, kayaking or paddle boards. This can be combined with P39 (formerly PW9) for a smaller group.
- **Site# P39 (pre2019 was PW9)** - This smaller site sits directly next to P38 (formerly PW8) and right above the lake with trees on both sides and mountain views across the lake to the south. Suitable for one large wall tent or two small tents you can also fit a teardrop camper or 15 ft pop-up camper in the dirt parking area. Good site for hammocks and fishing, kayaking or paddle boards. This site can be combined with P38 for a smaller group.
- **Site# P40 (pre2019 was PW10)** - This nicely treed site sits above the lake and has mountain views to the west across the lake. Not suitable for RVs or pop-up's this site will accommodate one large wall tent or

two medium size tents. Ideal for fishing directly from camp. Good site for hammocks, kayaking or paddle boards. Site#16 can be combined with P40 for groups that want to be closer together; Site#16 is located directly across the road from P40. Site#16 can be combined with P40 for groups that want to be closer together; #16 is located directly across the road from P40.

- **Site# P41 (pre2019 was PW11)** - A nicely treed site that sits above the lake with westerly mountain views/sunsets across the lake. While not ideal, this site will accommodate one RV/pop-up up to 14 ft above the tent site parallel to the road. It is better suited for one large wall tent or two medium size tents. Good site for hammocks, fishing, kayaking or paddle boards.
- **Site# P42 (pre2019 was PW12)** - This site sits atop a hill with mountain views in all directions and access to the lake just below the tent sites. While not ideal for RVs/pop-ups due to having to back into the site, those that are comfortable backing in on top of a hill will love this site. It can accommodate small RVs, pop-ups and trailers up to 15 ft. Most tents will fit in this site, and it shares lake access with PW13. This site works well for smaller and larger groups when combined with P43 and P44 (formerly PW13A and PW13B).
- **Site# P43 (pre2019 was PW13A)** - This site sits close to the lake with mountain views across the lake to the west. It can accommodate pop-ups and trailers up to 15 ft. It is also suitable for one large wall tent and one medium tent. P43 has lake access with P42 (formerly PW12). Good site for fishing, kayaking or paddle boards. This site works well for smaller and larger groups when combined with P42 and P44 (formerly PW12 and PW13b).
- **Site# P44 (pre2019 was PW13B)** - This small site is suitable for two small tents or one four-man tent and has parking for only one car or truck. Located close to P43 they could be combined for groups. This site is ideal for those that have smaller tents and are lighter packers.

Small RV / Tent Sites

There are 29 individual SMALL RV/TENT campsites. Each site has a gravel parking and tent pad or all-dirt surface, as well as a fire pit with a cooking grill and picnic table. Each of these sites is suitable for tents, pop-up campers, and small RVs (motorhomes under 23ft or trailers under 17ft).

Generators are not allowed in these sites. The campground map, showing the orientation of these sites and a document with brief descriptions of individual sites are available at www.molaslake.com/reservations.html.

- **Site# 1** - Mid-morning sun and mountain views to the west are featured in this graveled site which is the closest site to the office/store and showers. It is suitable for RVs up to 23ft in length, pop-ups up to 17ft or large tents. You also have a lake view across the road.
- **Site# 2** - This is our only pull through site. It is good for all RVs up to our maximum of 23 ft and pop-ups up to the maximum of 17ft. The site's graveled area works well for all size tents too. The sun reaches you by , and you have mountain views to the west.
- **Site# 3** - This smaller graveled site is suitable for one car/SUV and one medium size tent. Morning sun and somewhat private. Great for truck campers and smaller pop-ups with one vehicle.
- **Site# 4** - Located next to a small grove of trees to the North-East this site might not get the early sun but has mountain views to the west and late evening sun. This graveled site fits RVs up to 23ft., pop-up trailers up to 17ft, or tents of all sizes.
- **Site# 5** - Located in a small grove of trees this site gets late sun with mountain views to the northwest. There are a couple steps down from the graveled parking area to the open area/tent sites. Fits RVs /pop-up trailers up to 15ft, and all size tents.
- **Site# 6** - This lightly treed site gets early morning sun and has mountain views to the north and east. It has a large graveled parking area that accommodates vehicles up to 23ft (17ft trailers/pop-ups) or 2

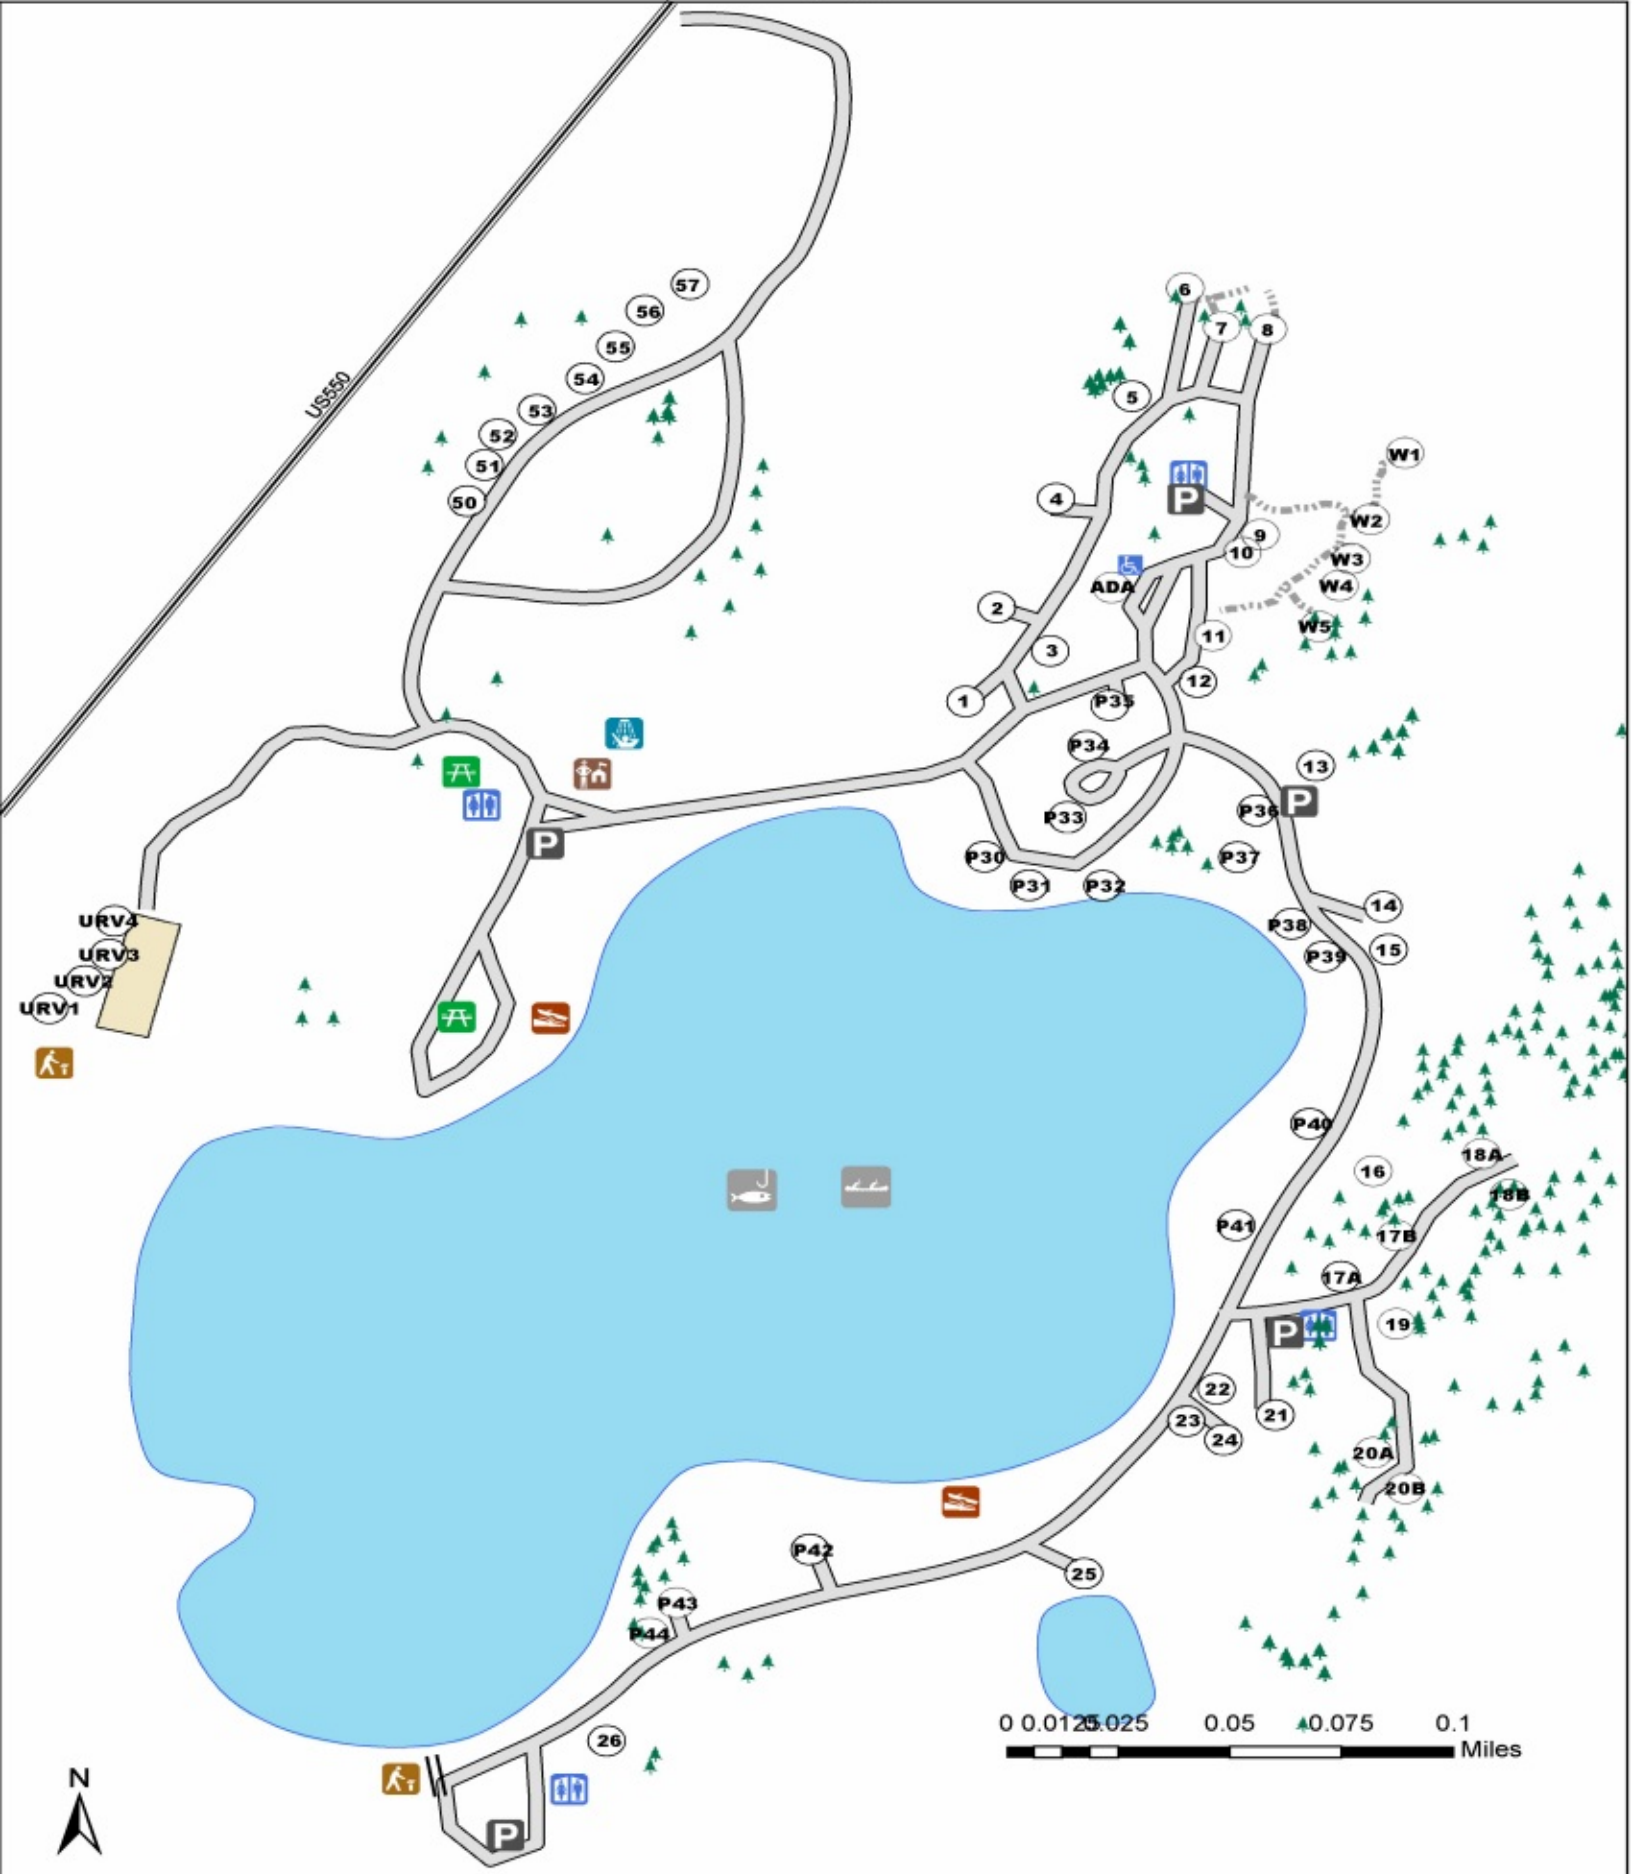

SUV/trucks with either a large wall tent or 2 medium/small tents. Sites# 6, 7, & 8 can also be reserved as part of our "large group" site at the regular per site rate.

- **Site# 7** - This open graveled site accommodates the largest RVs we allow in the Small RV/Tent sites, 23 ft. or 17ft pop-up trailers. This site is sunny all day and has ample room for two large tents either on the gravel or located just off the gravel to the north. Sites# 6, 7, & 8 can also be reserved as part of our "large group" site at the regular per site rate.
- **Site# 8** - This open graveled site accommodates the largest RVs we allow in the Small RV/Tent sites, 23 ft. or 17ft pop-up trailers. This site is sunny all day and has ample room for two large tents either on the gravel or located just off the gravel to the north and east. Sites# 6, 7, & 8 can also be reserved as part of our "large group" site at the regular per site rate.
- **Site# 9** - Located in a small grove of trees this all dirt site offers great camping for one large wall tent and one medium size tent. It can also accommodate a small pop-up or teardrop trailer. Can be combined with Site#10 or both Sites #10 and #11 to make a great small group site.
- **Site# 10** - Located in a small grove of trees this all dirt site offers great camping for one large wall tent or tow medium size tents. When combined with Site#9 and/or Site#11 it makes a great small group site. Suitable for truck and SUV camping and small pop-ups or RVs up to 15ft.
- **Site# 11** - This mixed surface site has a graveled area that can fit two cars/trucks or one 15ft pop-up or teardrop camp trailer and its tow vehicle. Its dirt tent sites will accommodate two small size tents or one large wall tent. Makes a nice group site when combined with Site#10 and Site#9.
- **Site# 12** - This all dirt site is in the trees and will work well for those car/SUV camping or those bringing a pop-up or teardrop camp trailer up to 17ft. It also works well for one large wall tent or two medium size tent. It does have views of the lake too.
- **Site# 13** - This mixed gravel/dirt site has a couple of trees but is mostly open. It has a nice open space behind the small graveled tent site and can accommodate RVs up to 23ft and pop-up's/trailers as large as 17ft on the dirt parking area.
- **Site# 14** - This mixed gravel/dirt site is located on the edge of a grove of trees and can handle one large wall tent and a medium size tent. It also will work for one 23ft RV or a 17ft pop-up/teardrop camper, and its tow vehicle. Combined with Site#15 it makes a nice small group site.
- **Site# 15** - This site is located in a grove of trees that provide some privacy. It is most suited for tent camping but could also work for a small camper trailer but the graveled parking spot can be a bit difficult to back into. When combined with Site#14 it makes a nice small group site.
- **Site# 16** - This nice graveled site is located in the trees directly across from Site#P40 (formerly PW10) and can be used in conjunction with P40 as a small group site. It is most suitable for car/SUV camping and will accommodate one large wall tent or two smaller tents. Sites 16, 17, and 17B can be combined for small groups.
- **Site# 17** - This nice dirt site is located in a small open area in the trees. It would work well for car/SUV/tent camping but could also work with pop-up's/trailers up to 17ft and RVs up to 23ft. Sites 16, 17, and 17B can be combined for small groups.
- **Site# 17B** - This small site is only suitable for one car/SUV/truck and one medium to small size tent. This site is adjacent to Sites #16 and #17; combining them creates a nice area for small groups.
- **Site# 18A** - This secluded dirt site sits up a short rocky road on the edge of a grove of trees. The road is not suitable for RVs. It would be best for car/truck/SUV tent camping although you could take a SMALL pop-up or camp trailer to it. This campsite sits across from Site#18B and can be combined for a small group site.
- **Site# 18B** - This site sits across from 18A and at the top of a short rocky hill not suitable for RVs. Works well when combined with Site#18A for small groups. It sits in the open on the edge of a grove of trees. It is best

suitable for car/truck/SUV tent camping although you could take a SMALL pop-up or camp trailer to it.

- **Site# 19** - This nicely treed site is most suitable for most tent sizes with parking for two cars/trucks.
- **Site# 20A** - A nice and somewhat private site with morning sun and room for large wall tents or a pop-up camper. This campsite is at the top of a short steep road that is not suitable for most RVs. When combined with Site# 20B it works well for groups.
- **Site# 20B** - Located next to Site# 20A; this site is suitable for large wall tents or a pop-up camper. When combined with Site# 20A it works well for groups. This is an open campsite with no trees. It has small hills on three sides and amazing mountain views with morning sun. It is situated at the top of a short steep road and is therefore not suitable for most RVs.
- **Site# 21** - A large treed site with room for RVs up to 23ft and pop-ups up to 17ft, or two large tents with two cars/SUVs. Can be combined with Sites# 22-24 for large groups.
- **Site# 22** - This is a small site located close to Sites# 21-24. Suitable for one medium size tent and 1 car/SUV. Can be combined with Sites# 21, 23, and 24 for large groups.
- **Site# 23** - A somewhat open site that is suitable for car/truck camping with large tents or an RV or teardrop/pop-up camper up to 17ft. Can be combined with Sites# 21, 22, and 24 for large groups.
- **Site# 24** - This campsite is good for campers using medium- to small- tents and having cars or trucks. This site also accommodates a small (up to 15 ft) pop-up or teardrop camper. Can be combined with Sites# 21, 22, and 23 for large groups.
- **Site# 25** - Located on a small pull-in this private site sits in the open with a small pond on one side and the lake just across the road. Suitable for smaller RVs and pop-up or teardrop type camp trailers up to 17ft. This campsite also works well for one car/truck with one medium size tent.
- **Site# 26** - This large site accommodates all size tents and most vehicles except for RVs and camper/trailers. To get to this campsite, there is a hill with a sharp crest that will hang up larger RVs and camp trailers.
