PURPLE ADOBE
LAVENDER FARM

This is O'Keeffe Country

Enjoy a trip to the country and stroll through the lavender fields of Abiquiu where the famous artist Georgia O'Keeffe lived and painted. The lavender farm is nestled in the Chama River Valley along the Rio Chama. Here the Purple Adobe Lavender Farm grows their lavender organically with love and care. The farm was established in 2004 and chosen for its ideal growing conditions at a higher altitude producing a sweeter aromatherapeutic lavender. This is a unique opportunity to walk among the lavender or just sit under the giant cottonwood trees and soak up peace and serenity.

Hours of Operation 10 am- 5 pm Tuesday - Saturday
